NARRATIVE SUMMARY OF CIRCUMSTANCES: Responded to S.N.M.H.-E.R. to a report of a death. Upon arrival I observed a white male who had been pronounced as D.O.A. by Dr. Grillot. In conversing with a business associate, Clair Bryner, PII it was determined that the deceased had arrived in Las Vegas on yesterday's date with a friend, Gordon Mustain. The deceased had gone to bed at approximately 9:00 P.M. saying he felt particularly fatigued, had indigestion. The deceased had then called room PII from the room of the deceased PII at the Stardust. Mr. Mustain went to PII and just as the door was opened, the deceased collapsed. Mr. Mustain then called Mercy who tranported to S.N.M.H.

Mr. Mustain indicated he wanted to contact the wife, Ann, of the deceased rather than the C. C. Coroner's office.

Stardust Security made arrangements to secure the property of the deceased pending notification by the next of kin.

The deceased has a history of previous coronary problems and was reportedly enroute to Los Angeles for further treatment.

Property as noted on 5255 was removed by undersigned. Deceased was removed to Bunker Bros.
